

Government Services Group, Inc. Sponsors October SAME/FES Joint Luncheon

TAMPA, Fla., Sept. 22, 2015 – Government Services Group, Inc. (GSG) is a proud sponsor of the Society of American Military Engineers (SAME) Tampa Bay Post and Florida Engineering Society (FES) Tampa Chapter joint luncheon.

The SAME mission is to promote and facilitate engineering support for national security by developing and enhancing relationships and competencies among uniformed services, public- and private-sector engineers and related professionals. SAME also aims to develop future engineers through outreach and mentoring. FES' mission is to support engineering education, advocate licensure, promote the ethical and competent practice of engineering and enhance the image and well-being of all engineers in the state of Florida.

Together, these outstanding organizations will host a luncheon on Wednesday, October 14 2015, from 11:30 p.m. to 1:00 p.m., at the Surf's Edge Club, MacDill AFB, Florida. The guest speaker will be Dr. Patrick Simpkins, the Director of Ground Processing NASA at the John F. Kennedy Space Center. Mr. Simpkins leads a group of engineers from multiple disciplines in the development and operations of spaceflight hardware and ground systems assigned to the Kennedy Space Center. For cost and more information visit <http://goo.gl/QsS31x>.

In 2011, GSG led the Florida Governmental Utility Authority (FGUA) team that acquired the water and wastewater systems of MacDill Air Force Base. The MacDill AFB contract covers a 50-year period and totals \$230 million. The contract included an initial 5-year ISDC program containing 25 capital projects totaling \$10.5 million. An additional 15 capital projects have been added at the Government's request since its inception with cost of \$5 million.

"GSG tackles the successful transition of numerous water and sewer utility systems to high quality, modern, municipal standard operations. The success at MacDill AFB shows how public-private collaborations work," says Steve Spratt, Government Services Group's Vice President for the Municipal Services Division. "We are happy to sponsor and participate in SAME and FES events."

About the Firm

Government Services Group, Inc. (GSG) is a Florida based consulting service provider to government entities. Incorporated in 1996, GSG prides itself on smart, effective and efficient service. GSG is comprised of 3 divisions: Community Services Division, Government Services Division and Municipal Services Division. All divisions provide specialized services to municipalities, cities, counties and special districts. Across divisions, their general areas of service include stormwater, water & wastewater, grants management, community development, fire services, revenue enhancement and program administration. In each service area, GSG has perfected particular capabilities, offering deliverables that may be tailored according to specific client needs.
